Friday 20 September 2024
10am – 6pm (11am – 4:30pm symposium)

Delia Derbyshire Building
Coventry University
Cox Street
Coventry CV1 5PH

BOOK HERE

Are you new to the extraordinary world of bamboo or already working with this amazingly strong and flexible grass? Join the fourth UK Bamboo Summit in Coventry for a multi-disciplinary creative conversation about one of the most important sustainable materials on the planet.

The UK Bamboo Summit 2024 is a cross-sector gathering, bringing together international bamboo specialists and entrepreneurs alongside engineers, pioneers, architects, academics, artists and environmental leaders to delve deeper into the opportunities of this extraordinarily sustainable material for the UK and explore what ambitious projects and research might look like, with the city of Coventry as an innovative case study... plus special performances of the groundbreaking new outdoor circus theatre show BAMBOO by NoFit State Circus.

Explore how bamboo can enable us to transform urban environments across the UK and provide innovative net zero solutions including:

- **Architectural and design** innovation with a wow factor
- **Decarbonisation** of the construction industry
- Sustainable, carbon-catching **farming** methods
- Environmental **detoxification**
- **Design** and **business** innovation
- **Education** for future bamboo generations
- ...and incredible bamboo building **circus** acrobatics!

Contributors include: **Christopher Matthews, Atelier One; David Trujillo, Coventry University; Susanne Lucas, World Bamboo Organisation; Kjell Tahon, Bamboologic; Sundar Bharadwaj, Terragrnr; James Marr, Bamboo Bicycle Club; Orit Azaz, Imagine Bamboo & NoFit State Circus.**

More information can be found at www.imagine-bamboo.co.uk

Please book your place here:
buytickets.at/imagineerproductions/1331956

Please book by **Monday 16 September** and state your dietary and access needs. There will be a contribution towards costs and catering.

We look forward to seeing you there.
